PHYSICAL COLLATERAL ENFORCEMENT PATHWAY

Step 1 — Default Event
Borrower failure to repay or covenant breach triggers enforcement rights

→

Step 2 — LBMA Vault Hold
Physical collateral placed on hold at Brinks/Transguard — no release without Fund authorization

→

Step 3 — Legal Notice
Formal notice served; Texas governing law; secured creditor rights enforced per loan agreement

→

Step 4 — Physical Seizure
Custodian transfers physical commodity to Fund control per collateral agreement

→

Step 5 — Liquidation
LBMA commodity sold through confirmed buyers at spot; globally liquid, 24/7 priced

Physical gold and silver are among the most liquid assets in the world — LBMA Good Delivery bars trade 24 hours/day across global OTC markets with immediate pricing transparency. Collateral enforcement timeline is materially shorter than traditional private credit.
